

Using the ENERGY STAR® Marks: A Quick Reference Guide for New Homes Partners

The purpose of this document is to provide clarification on how the ENERGY STAR marks should be used by partners participating in EPA's ENERGY STAR Certified Homes program. This document provides a partial list of guidelines and is intended to supplement, not replace, the ENERGY STAR Identity Guidelines. Please review the ENERGY STAR Identity Guidelines in their entirety at www.energystar.gov/logos.

CORRECT USE

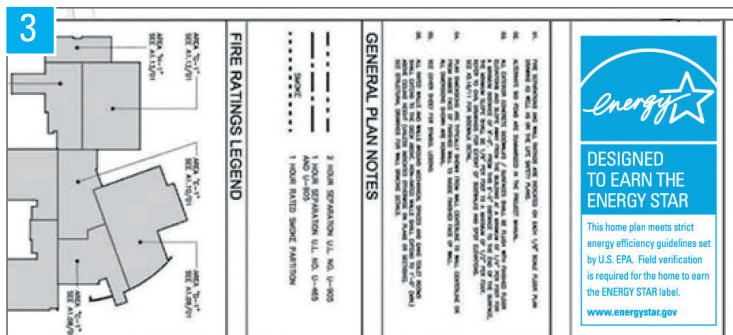

Examples of common uses of the marks are illustrated below:

- 1 Linkage Phrase Mark on websites to educate the public about the ENERGY STAR Certified Homes program.
- 2 Partner Mark on annual reports promoting an organization's ENERGY STAR partnership.
- 3 Designed to Earn Mark on home plans, once verified by a third-party Home Energy Rater.
- 4 Certification Mark on plaques or signage in front of or on ENERGY STAR certified homes.

INCORRECT USE

- Do not use the ENERGY STAR marks or name to imply EPA or federal government endorsement of a partner's organization.
- Do not use the ENERGY STAR marks or name in any other company name, domain name, or website title.
- Do not use the ENERGY STAR marks or name in association with homes that are not built to ENERGY STAR specifications.
- Do not alter, cut apart, separate, or otherwise distort the ENERGY STAR marks or name in perspective or appearance. This includes removing the words ENERGY STAR from the mark.
- Do not use the ENERGY STAR marks in an unapproved color. The preferred color for the mark is ENERGY STAR blue (100% Cyan). Alternate versions in black or reversed out to white are allowed.
- Do not use the ENERGY STAR marks in an unapproved size; marks must be legible and proportions must be maintained. Please see the ENERGY STAR Identity Guidelines for specific mark size requirements.

QUESTIONS/COMMENTS
